

Dear Parents and Carers,

I have had some very positive feedback from parents at the gates regarding the new homework structure. I continue to welcome your feedback and comments at info@cleves.boleyntrust.org.

School Uniform

We are really proud of our school uniform at Cleves and therefore we expect all children to arrive at school in the correct uniform.

As part of National Coding Week, Year 1 Pupils have been exploring how to program Bee-Bots during their computing lesson. Pupils created sequences of instructions (an algorithm) to navigate the hardware from a given place to a final destination. Pupils took part in series of activities which involved digital programming, estimating and problem solving. Bee-Bots in lessons is a great way to introduce students to the basics of coding and will allow them to experiment with different ways of solving problems. Take a look at Year 1 in action!

MarvellousMe App

A gentle reminder to all parents and carers to download the MarvellousMe App.

Please make sure that you have notifications turned on in order to receive updates from the school.

Children enjoyed the sunshine with their peers, exploring musical toys and singing. They also had lots of fun splashing water! It was clear to see that their favourite moments were when their peers joined in. The children learned to take turns and formed new friendships.

Within our inclusive education environment, student diversity and uniqueness continues to be celebrated at Cleves.

Year 6 children have been looking at proportional drawings in Art. Using wooden mannequins, children were taught that proportions are about getting the sizes and shapes of figures right in relation to each other. For example, making sure the head isn't too big or too small compared to the body. Here you can see children beginning to create simple drawings of the mannequin, moving onto creating movement.
